

# SAYRE AREA HIGH SCHOOL

## Permission to Photograph

Sometimes we take photographs of students either at school or when they are involved in organized activities away from the school site. We may use these photographs and images of students in printed publications we produce as well as on our website or on school displays. We may also make video and web cam recordings for educational use.

From time to time the media may visit our school and take photographs, film footage or carry out radio interviews. Pupils will often appear in these images, which may appear in local newspapers or occasionally on televised news programs. Photos for the media and other publicity purposes may also be taken at events where our school is participating. This document only applies to images taken by school personnel and not to images that might be taken by the media at events that are open to the public such as sporting events or academic competitions.

Please sign and return this form by Friday September 11, 2009 if you do NOT wish to have your son or daughter's image displayed.
