Check Your Internet Explorer Version

You may have a very old version of MS Internet Explorer (version 5 or higher works fine with our website).

How do you check to see what version of MS Internet Explorer?

Click on the **Help** menu in Internet Explorer and click on the **About Internet Explorer** choice – this will display the following sample window:

In the above sample, the version is 6.0 – if you have an older version of IE – then go to the www.microsoft.com site and upgrade your browser.

Use a Different Browser

If the prior methods did not fix your display problems, you may try a different browser on you PC.

Some of the popular alternative browsers are Firefox and Opera.
