

SAYRE AREA SCHOOL DISTRICT TECHNOLOGY TIPS

ACCESSING SASD INSTALLED WEB BROWSERS

Purpose

How to access and utilize SASD's pre-installed web browsers.

Opening the browsers

SASD's computers have **pre-installed web browsers**.

Currently we have: [Google Chrome](#), [Mozilla Firefox](#), and [Internet Explorer](#).

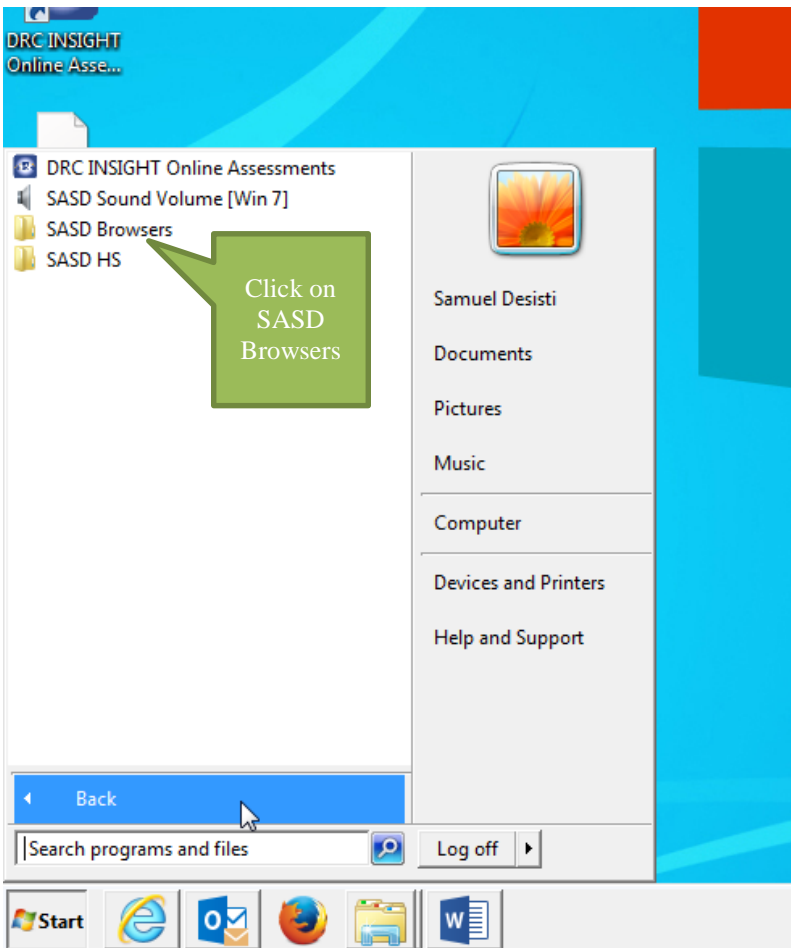

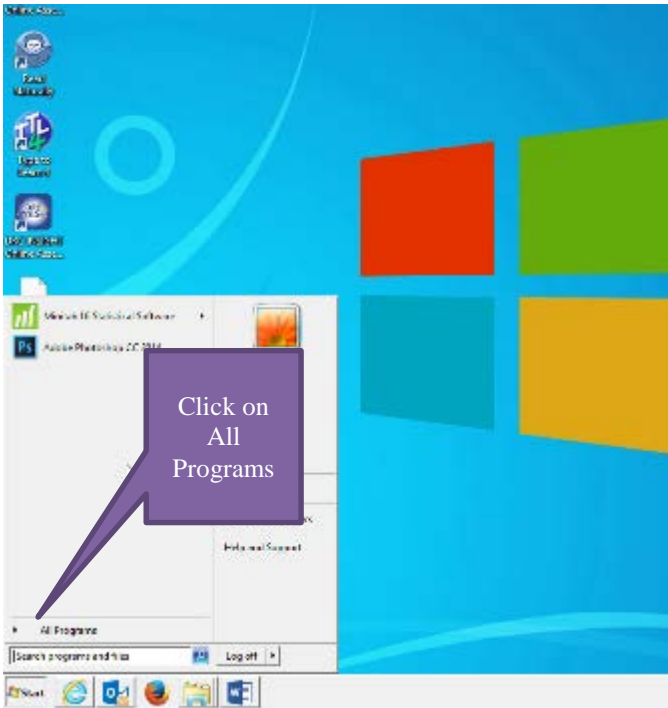

To access these applications follow these steps:

After logging in to the computer, navigate to the **Start Menu**.

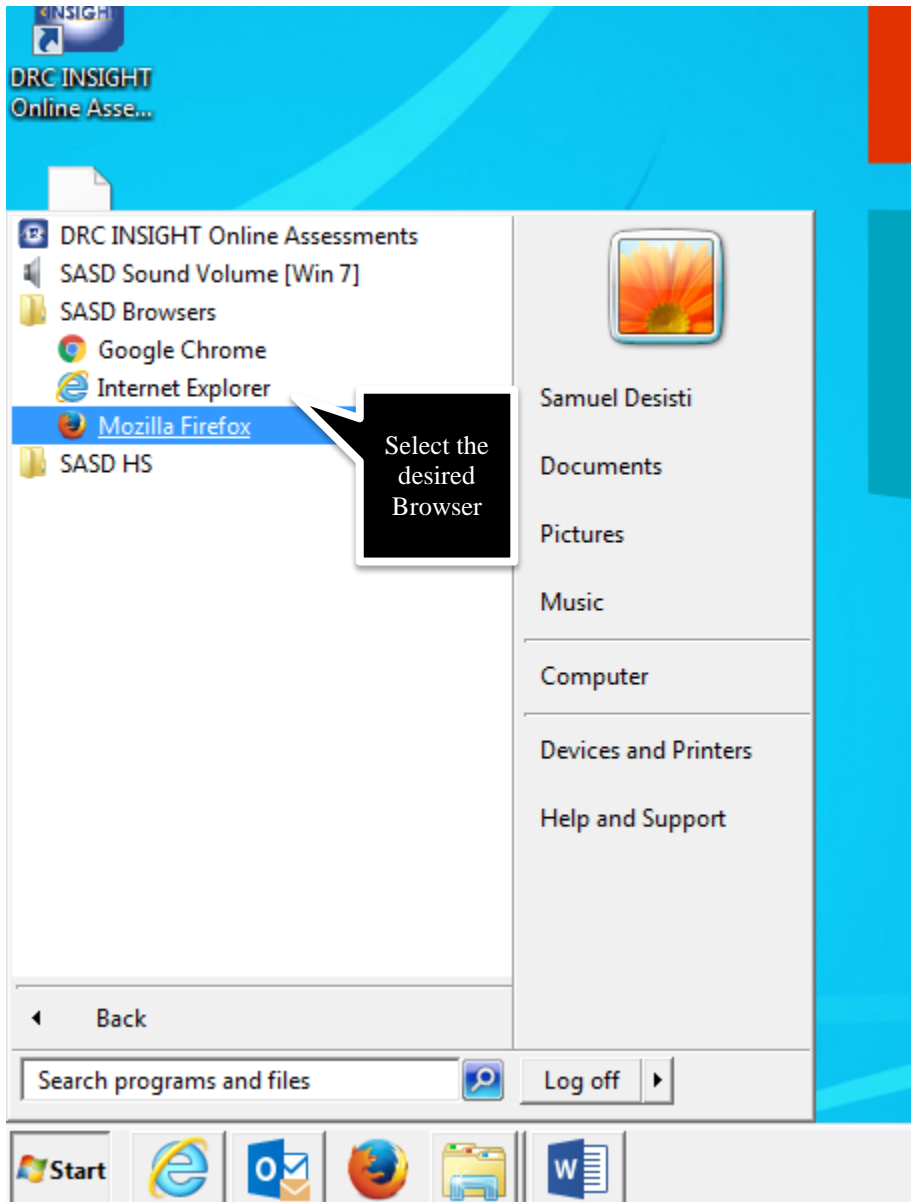

Then

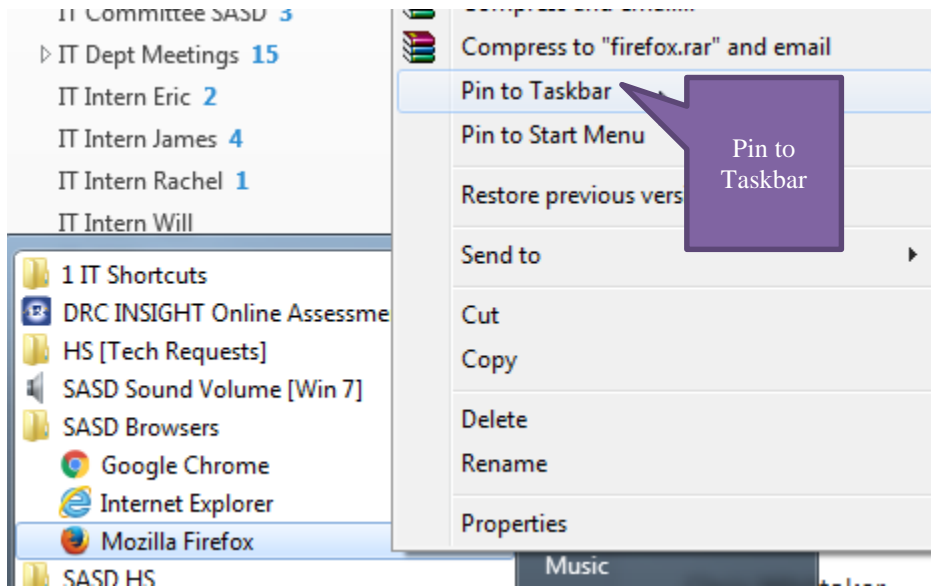

click on the **All Programs** tab and then **SASD Browsers**.

Finally, choose and click whichever browser you want to open.

You may want to pin a browser to your **desktop or taskbar**. To do so, **right-click** on the desired browser and **choose pin to taskbar**.

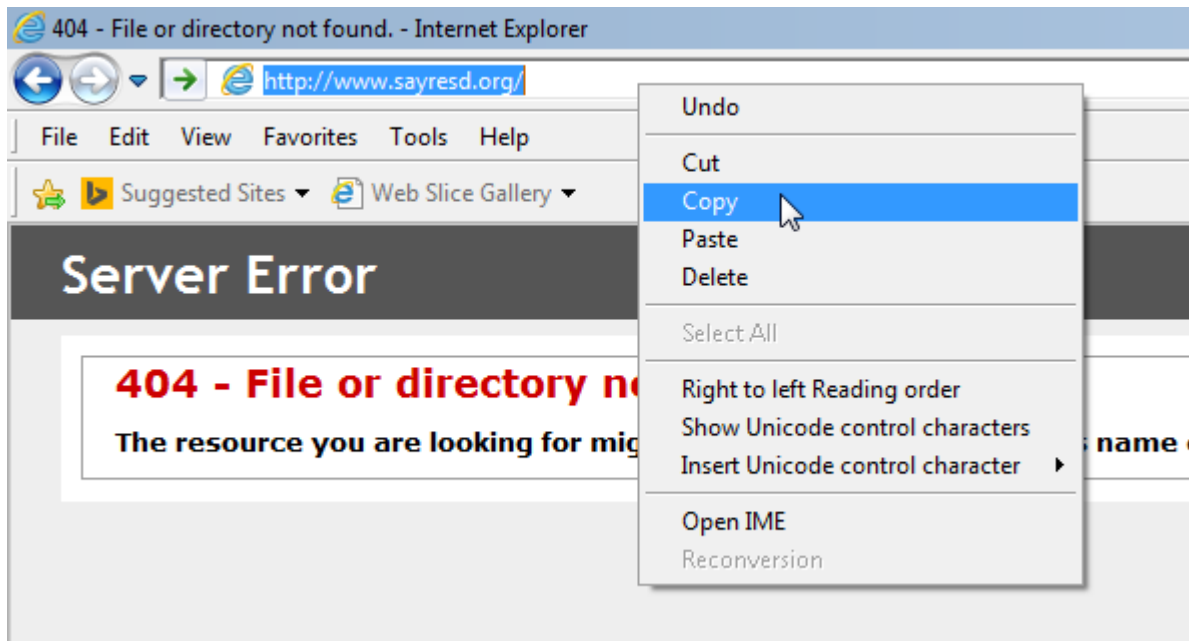

Copying and Pasting URLs

If a website is **not working** you can troubleshoot the problem by **copying the URL of the website** and pasting it into a **different browser**.

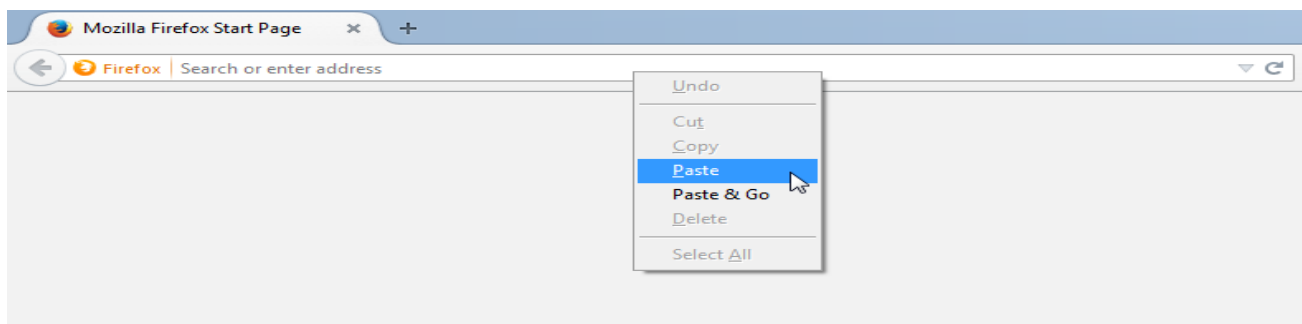

For example (actually www.sayresd.org works in all browsers but this is just an example of how to copy it to another browser).

If sayresd.org isn't working in Internet Explorer, copy the URL and try it in Mozilla Firefox.

Right-click the URL and select "Copy"

Then open up the other browser. Go to the URL, **right-click and select "Paste"**. Finally, press the Enter key and the Website works!
