

# SAYRE AREA SCHOOL DISTRICT TECHNOLOGY TIPS

## WHERE TO SEE VIRUS SCAN RESULTS

### (VERSION 15)

## Purpose

To explain how to see ThirtySeven4 virus scan results on your SASD computer.

## Procedure

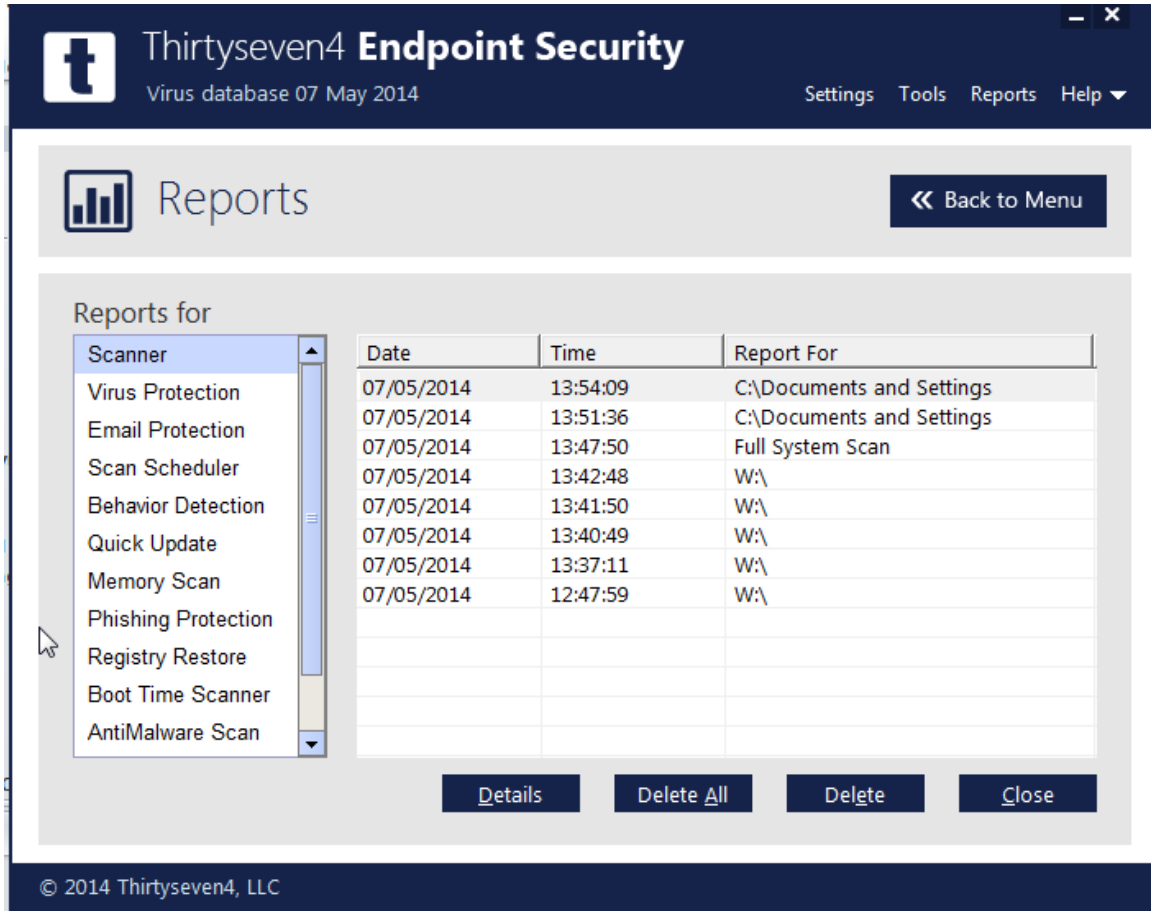

Double click the Thirtyseven4 icon in your system tray

Click Reports

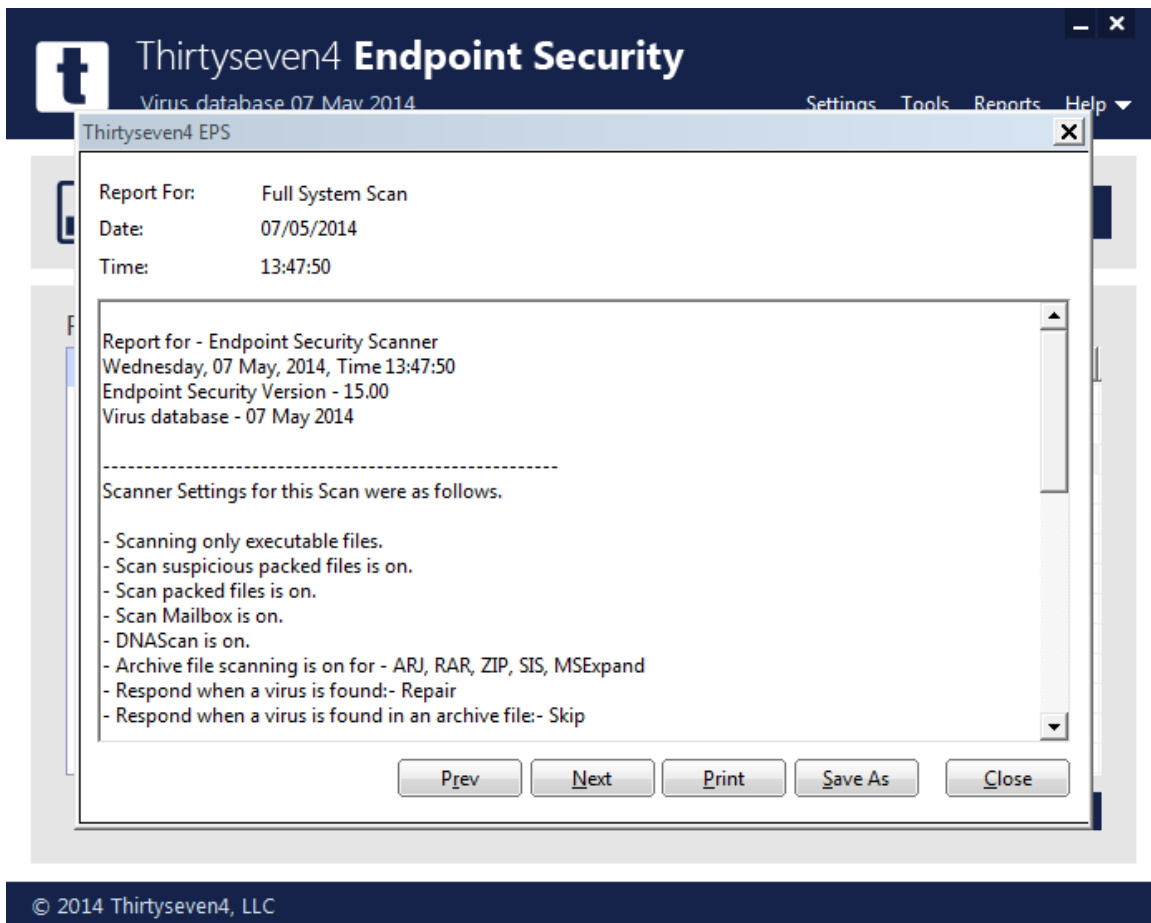

Select a scan time

The screenshot shows the 'Reports' section of the Thirtyseven4 Endpoint Security application. The interface includes a top navigation bar with the logo, title, virus database version, and menu options. Below is a 'Reports' header with a 'Back to Menu' button. The main area is titled 'Reports for' and contains a table with columns for Date, Time, and Report For. A list of scanner types is on the left, and action buttons (Details, Delete All, Delete, Close) are at the bottom.

Scanner	Date	Time	Report For
Virus Protection	07/05/2014	13:54:09	C:\Documents and Settings
Email Protection	07/05/2014	13:51:36	C:\Documents and Settings
Scan Scheduler	07/05/2014	13:47:50	Full System Scan
Behavior Detection	07/05/2014	13:42:48	W:\
Quick Update	07/05/2014	13:40:49	W:\
Memory Scan	07/05/2014	13:37:11	W:\
Phishing Protection	07/05/2014	12:47:59	W:\
Registry Restore			
Boot Time Scanner			
AntiMalware Scan			

Click Details
