

SAYRE AREA SCHOOL DISTRICT TECHNOLOGY TIPS

SASD APPLE IPAD IOS7 BASICS AND FAQs

Purpose

This handout goes over some of the common questions using SASD Apple iPad's.

iOS7 basics

SASD iPad notes

Powering On iPad

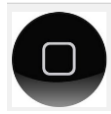

To power on an iPad press the power button (see diagram below) and hold it for a few seconds.

It will then boot up. You will be prompted to swipe once to get into the unit once it is all the way booted up.

Shutting Down Open Applications

To shut down open iPad Apps, please do the following (otherwise, when ever you use the SASD iPad, the apps will still be running).

Double-click the Home button.

Swipe left or right until you have located the app you wish to close.

Swipe the app up to close it.

Powering Off iPad

To power off an iPad press the power button (see diagram below) and hold it for a few seconds.

You will be prompted to swipe once to confirm that you wish to power it down.

SASD Apple IDs

For each SASD iPad, you have an Apple ID.

For example, if your SASD iPad is labeled:

SEIPAD01

Your Apple ID for this unit is:

seipad01@sayresd.org

SASD Email Account

For each SASD iPad, you have an email account for this iPad.

For example, if your SASD iPad is labeled:

SEIPAD01

Your SASD Email Address for this unit is:

seipad01@sayresd.org

Your SASD Email log on account for this unit is:

seipad01

The password for the Apple ID and the Email Account are the same. For example, if you need to register for a free App and need an email account, you would use the appropriate email account as noted above. Make sure to access the email account from your web browser. See example below:
